Who We are?

Webscreations Design is a legal business entity that was registered on 15th January 2010 under Business Name Act of the Republic of Kenya. It is a multidisciplinary firm, which was founded in 2011.

It is registered under the Companies Act .We are also current on Local Authorities Single Business permit.

On 2015, the firm got actively involved in Fixed asset management and verification in various parts of country both in the Public and Private Sectors of the national economy in regard to Fixed Asset Management.

We confirm we have both the technical capability and a reasonably strong resource base to be able to carry out assignments.

Our Core Values & Principles

Through consistent engagement with clients, in its relentless commitment to provide high quality services, the company has learned major lessons along the way. These lessons learned have helped in shaping the company's way of doing business.

These lessons today constitute the organization's core values and programming principles.

Our Values

Unparalleled Client Satisfaction

We value our clients, understand their business, and pledge our commitment to contribute to their success and satisfaction.

We value team accomplishments and seek opportunities to join with our colleagues to advance the success of our clients.

Team Work

Integrity

We value, above all, our integrity in everything we do.

We value the unique combination of qualities and contributions that each individual brings to the workplace .

Diversity

Quality

We value quality in all we do; in quality we deliver the perceived value of our product.

CORE VALUES AND PRINCIPLES

Webscreations Design

We have developed our service portfolio with a 360 degree approach. We continually add to our service portfolio as the internet market evolves and new technologies are added to the IT pool. We understand that technologies evolve and our business model allows us to evolve with them to ensure that you get the advantage of the latest at all times.

Through consistent engagement with clients, in its relentless commitment to provide high quality services, the company has learned major lessons along the way.

These lessons learned have helped in shaping the company's way of doing business. These lessons today constitute the organization's core values and programming principles.

Our common values

1. Enhancing Human Dignity through humility, and stewardship in all functions and tasks performed for and on behalf of the client.
2. Identifying, Developing and Promoting local knowledge skills and experience towards building a critical mass of local expertise.
3. Adding value and effectiveness in transforming client's situations while taking cognizance of and keeping costs at the bare minimum.
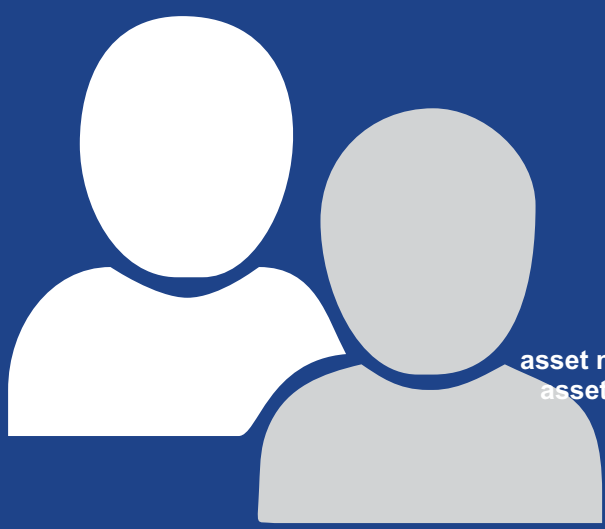

Other than shaping the company's way of doing business, these lessons learned; today constitute the organization's core values and fixed asset management principles

Webscreations Design today recognizes four main programming principles that have evolved from the assignments and proactive engagement with its clients.
These programming principles have since become the guiding elements in the work that the organization does. They are:-

Quality & cost consciousness.
Sincere commitment to client's growth and satisfaction.
Passion to make a life-changing difference.
Development of trust through openness and integrity.

OUR CUSTOMERS
